J. B. SARGENT FOR GOVERNOR.

Connecticut Popocrato Name the Ex-Mayor of New Haven no Their Lender. NEW HAVEN, Sept. 16. - The Popocratic State Convention to-day ratified the nomination of Bryan and Sewall, endorsed the Chicago platorm, adopted a platform of its own built on the lines of the Chicago structure and virtually repudiating the platform adopted at the Demoeratic State Convention on June 16, which unanimously pronounced in favor of the gold standard.

William Kennedy of Naugatuck acted as temporary and permanent Chairman of the Convention. He was a delegate to the Chicago Convention, elected as such on a gold platform, and refused to vote in that Convention for any but

seingle gold standard candidate.
Yet in his speech to-day he denounced the gold standard in unmeasured terms and Democrats who refuse to be led into the Bryan and

Chairman Clinton B. Davis of the State Demecratic Committee resigned from that place

ceratic Committee resigned from that place after calling the Convention to order, and, with twelve other members of the committee, exactly half, including Frederick J. Brown, the Secretary, walked out of the Convention.

The ticket nominated is incongruous. It is composed of free-silver, Populistic, Republican, and Prohibition elements. Joseph B. Sargent of this city was nominated for Governor.

He is a millionaire manufacturer, has no sympathy with the free-silver heresy, but accepted the nomination to satisfy his desire for office, it was tendered him unanimously because no man of means or standing could be found to accept the nomination. He served as Mayor of this city for four years, and is by no means popular. Ex-Mayor S. Ashbell Crandal of Norwich was nominated for Lieutenantiovernor. He served a term in the State Senter and has always voted the Democratic ticket. Homer S. Cummings, a young lawyer of Stamford, and partner of Samuel Fessageden, Stamford, and partner of Samuel Fessenden, the Republican leader, was nominated for Secretary of State. He is a Democrat of six weeks' standing, and declared in his speech of acceptance that he was not a convert to Democracy, but that Democracy had been converted to him when it adopted the Chicago platform. As Ross of Thompson was nominated for State for Comptroller. Dr. E.D. Ripley of Unionville for Comptroller. Dr. Ripley is a pronounced Populist.

for Comptroller. Dr. Ripley is a pronounced Populist
The six electors nominated were; At large—philo S. Bennett, New Haven; S. A. Granger, Winsted. District electors—Clinton W. Cowles, Manchester; John Bransfield. Portland; Abel P. Tanner, New London; James D. Waish, Panbury. Abel P. Tanner of New London, one of the electors, ran for Governor a few years ago on the Prohibition ticket.

Every recognized rule of the Democratic party was ridden over rough shod. The general opinion here is that the ticket nominated to-day will be defeated by 30,000 majority.

The money plank of the platform said:

"Resired, That the growing industrial disaster and distressing poverty and idleness has been the ever-increasing result of the demonetization of silver in 1873; we therefore invite the united support of the electors in the effort to restore the coinage system which existed during the years of our national prosperity, and which is the coinage system recognized in our national Constitution."

Beal Democratic Convention in Connecticut

New HAVEN, Sept. 16 .- William J. Mills. Chairman of the National Democratic State Committee, issued the formal call to-day for a State Convention to be held in Hartford on Oct. S to place in nomination a full State and electoral ticket. The basis of representation in the Convention is the same as that governing the Democratic Conventions herectorer. The call is signed by W. J. Mills, Chairman of the National Democratic State Committee, and by H. Holton Wood, Secretary.

KILBRETH MUST RETRENCH. Piguring on How to Bednee Expenses

The difficulty in getting the Deficiency bill through Congress last session has caused Seccollectors of the ports that a reduction of expenses must be made to avoid trouble of the same sort with the next Congress. Collector Kilbrethofthis port went to Washington last Friday for a consultation with the Secretary on the subset. It is understood that the proportion of reduction expected of the New York Custom House will amount to \$50,000. Collector Kilbreth is conferring with the heads of departments with regard to the best method of reduction. He is considering two plans, one a cut of ten per cent. In salaries and the other a discharge of enough men to effect the required saving. About forty additional inspectors were appointed soon after the new regulation was made allowing ocean steamships to land their passengers after dark, and it is reported that the services of some of these may be dispensed with. A reduction of salaries would reduce the classification of some employees. collectors of the ports that a reduction of ex-

Mrs. Atwood said that she had known Frelman about a year. He stopped in front of the house while she and a friend, Mrs. Lewis, of 49 West Sixty-third street were standing on the stoop, and asked for permission to go to the bathroom. He said he was ill.

He took off his coat and vest and shot himself before the mirror. He left two scaled letters, one addressed to his wife and the other to Frank Einstein of 250 Broadway. They will be turned over to the Coroner.

On the back of the letter addressed to Mrs. Freiman this was scribbled in German: "The keys of my deak are in the office down town." Mrs. Freiman refused to talk about the suicide.

THE NEW CHARTER.

Final Report of the Committee on Braft to Be Ready on Saturday.

The Committee on Draft of the Greater New York Commission will meet on next Saturday to prepare their final report for submission to the full Commission, which adjourned to meet on next Monday. As so many of the members of the Commission are still absent from the city, it is considered doubtful if the Commission will do anything on Monday with the report of Mesars. De Witt and Dean, who have been preparing the tentative draft of the new charter. Eliward Lauterbach had a long conference resterday afternoon at his office with Sheriff Buttling. Election Commissioner H. F. Hiair, County Clerk Saffen, Charles B. LATEST LONDON QUOTATIONS.

The Treasury Department's statement of the

foreign trade of the United States for August, published to-day, makes a most gratifying ex-

hibit; even more so than the exceedingly favorable showing for July. The excess of exports of

merchandise over imports is nearly \$19,200,000, or more than 3½ millions greater than for July.

As the excess of imports over exports during

August last year was over \$15,000,000 the

change in our favor as compared with a year

ago is \$34,325,000. For the eight months end-

ing Aug. 31 the excess of exports over im-

ports is \$99,750,000, as against an excess imports during the corresponding period of last year of \$36,350,000, showing a change

in favor of the United States of over \$136,000 .-000. For the first time in many months the statement of imports of gold coin and buillon is

in excess of exports, though the influx of specie was hardly under way in August. The amount

of gold received, in transit, and engaged for

shipment from abroad now foots up \$32,135,-

000. Returning to the Treasury statistics, it is

interesting to note that exports of silver coin

and bullion during August were nearly \$5,000,-

months the excess was \$28,874,000, as against

posited in the Sub-Treasury to-day in exchange

for legal tender notes. The Bank of England

sold \$1,000,000 in American gold coin to-day

for export to this country, and advices from London indicate that \$2,500,000 is likely to be

shipped from Paris at the end of the week. Those who are disposed to believe that the present imports of specie are to an extent stim-

ulated or artificial can study to advantage the

figures of our foreign trade printed above.

European bankers know that the movement is

to check it by advancing interest rates in

ing demand from abroad for the staple

products of this country that will become more

active as the crisis in Turkish affairs is ap-

proached. The overthrow of the Porte is a small

matter compared with the determination of the

control of the Bosporus, and this last might

easily create a demand for breadstuffs and pro-

visions in this country that would utterly de-

means of raising prices. Obvious as this situa-

tion is, the professional element in the stock market, which prides itself upon its shrewdness

and perception, sold stocks this afternoon on a

of nearly 2 W cent. The Granger stocks sup-

foreign advices regarding the matter indicated some doubt as to the action of the Bank's gov-

ernors. The statement of the gross earnings of

the St. Paul Company for the second week in

September, showing a decrease as compared with the corresponding period of last year of

\$112,500, was not made public early enough to

affect the market for the stock. The closing

was heavy at about the lowest prices, the only

recovery of note from those prices being that of

Did you read our specially advertised letter of Sept. Stil? It advised seidline, it save excellent reasons. That letter is well worth reading yet. Prices the next morning were SUGAR, 1478; ST. PAUL, 714; it. Q. Osiq, 6AS, 62, &c., &c.

Did you read Saturfay's letter? Did you read Sundays advertisement, teiling you how the Maine election would affect the market? Did you read Sundays night's letter, advising sales at the opening? Did you ever READ AND ATTERBUTO'LEN, WHICH, YEAR IN AND OUT TOLD WHEN TO SELL. AND KEPT PEOPLE FROM LOSING INSTEAD OF ALWAYS TRYING TO INDUCE SPECULATION?

Any amateur can write letters and print guesses which are sure to be right occasionally, but for standard lutigenent we refer to our market letters on file for many years back.

We do not advertise our letters as frequently as we used to, because of our large husiness, and preferring to limit their issue to customers, but you will find them right up to date.
